# ALEJANDRO REPETTO
Software Developer

About me

I have a strong learning capacity and I'm constantly expanding my knowledge and skills. Beyond my studies, I spend most of my time building side projects, competing in hackathons, ICPC contests, and cybersecurity CTFs. I genuinely enjoy the challenge and the process of becoming better at what I do.

EXPERIENCE
MAY 2023 - TODAY

AGROMAQ

📅 *MAY 2023 - TODAY*   ▶ *SOFTWARE DEVELOPER*   🕐 *PART-TIME (30HS/S)*

Built and maintain a management & invoicing system consolidating orders, quotes, and invoices.
Developed a web platform for remote quoting with instant delivery.
Integrated a RAG-based assistant to handle frequent inquiries with semantic retrieval.
Tech: Python, FastAPI, React, TypeScript, LangChain, SQL & Vector DBs.

EDUCATION
FORMAL AND MORE

Graduated from high school Dante Alighieri (2015 - 2019).
Currently in third year of System Engineering at National Technological University (UTN). I'm largely self-taught, constantly taking courses and learning independently to complement my formal education.
I did an intensive Italian course (1 month immersion at Edulingua in Italy) and I'm currently studying to reach the B2 First certification.
